The Climate Action Team (CAT), established by [Executive Order S-3-05](#), is a multi-agency team that coordinates California's statewide climate efforts. The CAT, comprised of 22 state agency members, develops, evaluates, and implements climate change emission reduction strategies in accordance with the California Global Warming Solutions Act of 2006. A full list of participating agencies is accessible below.

The Climate Action Team's emission reduction strategies progress is tracked through the CAT Report Card. The CAT Report Card documents:

- Effectiveness of measures to reduce greenhouse gas emissions in California
- Greenhouse gas emissions from State agencies's operations.

The Climate Action Team Report Cards are accessible below. Each Report Card shows reductions that happened two years prior to publication.

CalEPA created the International Climate Action Team (ICAT), which serves as the primary interagency coordinating body for California's international climate cooperation. The ICAT coordinates ongoing and planned intergovernmental collaboration, including visits from international delegations, international trips by California staff, the implementation status of new and existing memoranda of understanding (MOUs), and participation in international events and conferences.
