El Fondo de Mitigaci3n de la Contaminaci3n por Pl3sticos (PPMF) es un componente fundamental de la [Ley de California sobre la prevenci3n de la contaminaci3n por pl3sticos y la responsabilidad de los productores de envases \(SB 54\)](#). Representa un cambio fundamental en c3mo California aborda los efectos ambientales y sobre la salud de los residuos pl3sticos, y mueve la responsabilidad de la limpieza de la contaminaci3n del p3blico a los productores de materiales pl3sticos de un solo uso.

Desde julio de 2027, California recibir3 \$500 millones todos los a3os durante diez a3os de los productores de pl3sticos. La inversi3n total de \$5 billones se dedicar3 a reparar ecosistemas y proteger la salud de los habitantes de California.

La ley exige que el financiamiento se dedique a asegurar que los m3is afectados por la contaminaci3n vean los mayores beneficios del fondo:

- Una vez que la Legislatura apruebe los fondos, el 60% de la financiaci3n deber3 destinarse a monitorear y reducir los impactos hist3ricos y actuales de los pl3sticos en la justicia ambiental y la salud p3blica, y el 75% de esa cantidad deber3 beneficiar directa y principalmente a comunidades desfavorecidas o de bajos ingresos, o a zonas rurales.
- Una vez que la Legislatura apruebe los fondos, el 40% de la financiaci3n podr3 usarse para monitorear y reducir los efectos de los pl3sticos sobre la vida terrestre, acu3tica o marina y la salud humana, lo que incluye restaurar, recuperar y proteger el medio ambiente natural, y el 50% de esa cantidad debe beneficiar a los residentes que viven en comunidades desfavorecidas o de bajos ingresos, o a zonas rurales.

Cuatro agencias estatales fueron designadas por estatuto para recibir e implementar estos fondos. Somos la Agencia de Protecci3n Ambiental de California, la Agencia de Recursos Naturales de California, el Consejo de Crecimiento Estrat3gico y el Departamento de Justicia de California.

Queremos escuchar **sus ideas** sobre c3mo le gustar3a que este fondo beneficie a su comunidad. Por favor:

- Asista a uno de nuestros talleres de participaci3n comunitaria detallados a continuaci3n
- Complete esta [encuesta en l3nea](#) para hacer comentarios y/o
- Env3e un correo electr3nico a PPMF@calepa.ca.gov.
- [Forme parte de lista de correo de PPMF](#) para mantenerse actualizado en todas las comunicaciones.

Participación de pueblos indígenas de California

Marzo de 2026

Jueves 26 de marzo de 2026 - Abre la consulta a pueblos indígenas

Abril de 2026

Miércoles 8 de abril de 2026, 11 am a 12 pm - Seminario Web de Lanzamiento para pueblos indígenas

Mayo de 2026

Jueves, 21 de mayo de 2026: [Presentación en la Cumbre GIS Tribal de Nativos Americanos de California 2026](#) (junta en persona y en línea)

Martes 26 de mayo de 2026 - Mesa Redonda para pueblos indígenas organizada por la tribu Big Valley Band of Pomo Indians

Junio de 2026

Miércoles, 10 de junio de 2026, 10 a.m. - 2 p.m.: Mesa Redonda patrocinada por Rincon Band of Luiseño Indians (junta en persona y en línea)

Martes, 16 de junio de 2026: Presentación en la Región 9 del Suroeste Pacífico de EPA [Junta de Primavera 2026 RTOC](#) (junta en persona o en línea)

Sábado, 20 de junio de 2026, Presentación en la [Reunión Anual \(Número 35\) de 2026 de Indian Basketweavers Association \(CIBA\)](#)

Las otras oportunidades de participación para pueblos indígenas serán actualizadas aquí!

Las siguientes agencias fueron designadas para administrar el PPMF:

CalEPA

La Agencia de Protección Ambiental de California se dedica a restaurar, proteger y mejorar el medio ambiente para garantizar la salud pública, la calidad ambiental y la vitalidad económica. Para alcanzar esta misión la CalEPA supervisa y coordina sus Juntas, Departamentos y Oficinas (BDO) especializadas para regular la contaminación, hacer cumplir con los estándares ambientales y defender la justicia ambiental en todo el estado, y así asegurarse de que California siga siendo líder en clima y soluciones de residuos.

El trabajo de los BDO de CalEPA es central para el éxito del Fondo de Mitigación de Contaminación por Plásticos de SB 54 porque pueden abordar la mitigación de contaminación por plásticos en lo que respecta a impactos en sitios específicos, productos de consumo y programas de reducción de contaminación, y hacerlo en todo el ciclo de vida de los plásticos, desde la producción y el uso hasta el desecho y la remediación ambiental.

A continuación se actualizará información de los departamentos y oficinas de CalEPA sobre cómo su trabajo actual se relaciona con los plásticos y cómo sus programas (tomando en cuenta las aportaciones de las comunidades) pueden implementarse a través del PPMF para proteger a las comunidades y los recursos naturales de California.

Junta de Recursos del Aire de California
Junta de Control y Recursos del Agua del Estado
Departamento de Control de Sustancias Tóxicas
Departamento de Regulaciones de Pesticidas
Oficina de Evaluación de Peligros Ambientales para la Salud

CNRA

La Agencia de Recursos Naturales de California (CNRA) supervisa y apoya más de 26 departamentos, organismos de conservación y comisiones diferentes. La misión de la CNRA es ayudar a todos los ciudadanos de California y a la naturaleza a prosperar juntos. Más de 25,000 ciudadanos de California trabajan dentro de nuestra Agencia en todo el estado para cumplir con nuestra misión de proteger, gestionar y restaurar el entorno del estado y sus vastos recursos

naturales, culturales e históricos. Avanzamos en este trabajo con la ciencia como nuestra base y la inclusión y la colaboración como nuestro principio guía.

La CNRA, mediante el Consejo de Protección Oceánica, supervisa la ciencia coordinada, el monitoreo y las políticas que afectan la salud de la costa y el océano de California. En 2022, el Consejo de Protección Oceánico implementó la primera Estrategia de Microplásticos a Nivel Estatal de la nación, con medidas generales inmediatas y las necesidades científicas para abordar la contaminación por microplásticos en el entorno acuático de California.

Los departamentos, organismos de conservación y comisiones individuales tienen diferentes competencias normativas y de concesión de permisos relacionadas con la reducción del uso y los impactos de los productos plásticos, la gestión de los recursos naturales del estado —incluida la pesca—, supervisan los programas existentes para reducir los residuos plásticos en nuestro medio ambiente y gestionan programas de subvenciones activas que benefician a las comunidades y al medio ambiente.

SGC

El Consejo de Crecimiento Estratégico de California es un organismo de nivel ministerial compuesto por siete agencias y tres miembros designados públicamente. La misión del Consejo es coordinar y trabajar de forma colaborativa con agencias públicas, comunidades y socios para lograr la sostenibilidad, igualdad, prosperidad económica y calidad de vida para los habitantes de California.

El SGC aplica un enfoque centrado en la equidad, informado con ciencia y datos, con foco en la comunidad y que aporta múltiples beneficios en todos sus trabajos. Junto con nuestras agencias del Consejo, el SGC se enfoca en programas y políticas en la intersección de la salud, el uso de la tierra, el transporte, los alimentos y la agricultura, la conservación de recursos naturales, el desarrollo de viviendas y de la comunidad, y la protección ambiental.

Los fondos vienen de las compañías que producen envases y utensilios de plástico de un solo uso que se venden en California. Según la ley SB 54, estos productores están obligados a asumir su responsabilidad financiera por el ciclo de vida completo de sus productos. A partir de 2027, estas compañías deberán pagar un monto combinado de \$500 millones por año durante 10 años o un total de \$5 billones. Esto cambia el costo de limpiar la contaminación por plásticos de los contribuyentes y los gobiernos locales directamente a estos productores.

La SB 54 es una ley integral diseÃ±ada para eliminar por fases los plÃ¡sticos de un solo uso y apoyar una economÃ­a mÃ¡s circular. Si bien gran parte de la ley se enfoca en los objetivos de reciclaje y la reducciÃ³n en origen, el PPMF estÃ¡ dedicado a reparar el daÃ±o de la contaminaciÃ³n por plÃ¡sticos al medio ambiente y las comunidades de California. El PPMF es un aspecto Ãºnico de la SB 54 porque estÃ¡ designado especÃ­ficamente para la mitigaciÃ³n con el objetivo de prevenir y abordar la contaminaciÃ³n por plÃ¡sticos.

La ley exige que la mayor parte de estos \$5 billones se inviertan en las comunidades más afectadas por la contaminación. El cuarenta por ciento (\$200 millones por año) de los fondos estarán dirigidos a abordar los impactos ambientales de la contaminación por plásticos, de los cuales, la mitad (\$100 millones por año) deben beneficiar a comunidades menos favorecidas, de bajos ingresos o rurales. El sesenta por ciento (\$300 millones por año) de los fondos serán dedicados a abordar los impactos públicos desproporcionados de los plásticos en las comunidades de California. En su barrio, esto podrá verse de esta forma:

- Programas para reducir los riesgos para la salud relacionados con plásticos, incluidos los proyectos basados en la comunidad para reducir el uso y la exposición a los plásticos
- Monitoreo ambiental y de salud para los residentes que viven cerca de centros de procesamiento o producción de plásticos.
- Proyectos de restauración ambiental liderados por la comunidad en parques locales o cursos de agua para abordar el legado y la contaminación continua de plásticos.
- Soluciones basadas en la naturaleza que reducen la exposición a los plásticos y los residuos plásticos.

Tenga en cuenta que los costos relacionados con la implementación de la SB 54 y las regulaciones asociadas no son elegibles para el Fondo. Por ejemplo, el Fondo no puede usarse para ayudar a la industria a cumplir con los índices de reducción en origen, reciclaje o compostabilidad; la investigación y el desarrollo relacionados con el diseño de envases y productos nuevos para cumplir con la SB 54; programas de recolección de residuos en las aceras; u otra infraestructura para garantizar el reciclaje o la compostabilidad de los materiales cubiertos.

La SB 54 proporciona definiciones normativas para estas designaciones de las comunidades:

¿?Comunidad menos favorecida?• significa un Área identificada por la Agencia de Protección Ambiental de California según la [Sección 39711 del Código de Salud y Seguridad](#) o un Área identificada como una comunidad menos favorecida y no incorporada en función de la [Sección 65302.10 del Código Gubernamental](#).

¿?Comunidad de bajos ingresos?• significa un Área con ingresos por hogar iguales o menores al 80 por ciento de los ingresos medios del estado o con ingresos por hogar iguales o inferiores al umbral designado como de bajos ingresos según la lista del Departamento de Vivienda y Desarrollo Comunitario para los límites estatales implementados en función de la [Sección 50093 del Código de Salud y Seguridad](#).

¿?Área rural?• tiene el mismo significado que se define en la [Sección 50101 del Código de Salud y Seguridad](#).

A medida que desarrollamos todavía más nuestro plan de inversión según el PPMF, le proporcionaremos una guía más detallada de las definiciones de estas comunidades.

Si bien las guÃas para esta pregunta todavÃa se estÃn estableciendo, la SB 54 especifica que los fondos serÃn administrados por nuestras cuatro agencias estatales (CalEPA, CNRA, SGC y CA DOJ). Esperamos administrar los fondos mediante programas departamentales, subvenciones y contratos. Se espera que los aplicantes elegibles para las subvenciones y contratos incluyan gobiernos locales y tribales, organizaciones basadas en la comunidad, organizaciones de salud pÃblica y justicia ambiental 501(c)(3), e instituciones de investigaciÃn con proyectos enfocados en mitigar, monitorear, reducir o abordar de otra forma la contaminaciÃn por plÃsticos.

El Fondo empezará oficialmente a recibir pagos de los productores en 2027 y deberá ser consignado por la Legislatura antes de que se puedan administrar los fondos. Sin embargo, el período entre el presente y el 2027 es fundamental para recibir sus comentarios sobre cómo este Fondo deberá estructurarse, incluidos los programas del departamento, las subvenciones y los contratos. Le recomendamos registrarse en nuestra lista de correo electrónico ahora para recibir actualizaciones y notificaciones sobre las oportunidades de participación para informar el uso de este Fondo.

El PPMF apoya un rango amplio de monitoreo, mitigaci3n y otros esfuerzos para reducir la contaminaci3n por pl3sticos. El lenguaje normativo de la SB 54 establece dos categor3as de proyectos potenciales: (1) los que reducen los da±os ambientales de los pl3sticos en las comunidades que tienen una carga desproporcionada, incluido el monitoreo y la reducci3n de los impactos ambientales de los pl3sticos y reducir, recuperar y proteger el medio ambiente y (2) los que mitigan los impactos a la salud de los pl3sticos en comunidades que tienen una carga desproporcionada de pl3sticos, incluido el monitoreo y la reducci3n del impacto hist3rico y actual de los pl3sticos en la justicia ambiental y la salud p3blica.

SÃ. Consciente de que los grupos comunitarios mÃs pequeÃos, las comunidades tribales y las Ãreas rurales a menudo no cuentan con los recursos para navegar las subvenciones estatales complejas, el equipo interagencia estÃ comprometido con ofrecer asistencia tÃcnica en subvenciones administradas mediante el PPMF. Esto puede incluir talleres sobre redacciÃn de solicitudes de subvenciones y asesoramiento para su presentaciÃn. Nuestra meta es asegurar que las comunidades con la mayor necesidad tengan acceso equitativo a los fondos.

Las voces de las tribus y las comunidades son fundamentales para este proceso. El equipo interagencia estÃ¡ realizando consultas formales con las tribus y organizando iniciativas regionales significativas en materia de justicia ambiental para garantizar que estas voces estÃ©n representadas en el desarrollo de este nuevo Fondo. Imaginamos un proceso iterativo en el que el diseÃ±o del plan de inversiÃ³n del Fondo suceda en paralelo con la participaciÃ³n pÃºblica y las consultas con tribus, ademÃ¡s de los comentarios de las personas comprometidas, y que todo se integre en cada fase del plan de inversiÃ³n en 2027 y en los aÃ±os siguientes. EstÃ© atento a las actualizaciones de nuestras oportunidades de participaciÃ³n y ayÃºdenos a dar forma a este Fondo.

SÃ. Se busca que parte del PPMF beneficie directamente a las comunidades mediante subvenciones. Alentamos a los grupos comunitarios a empezar a identificar socios, como escuelas, departamentos de residuos municipales, organizaciones sin fines de lucro e instituciones de investigaciÃ³n para ayudar a dar forma a estas inversiones directas mediante los proyectos propuestos a futuro.

Generalmente, no. La mayor parte de los costos de infraestructura, como comprar camiones de reciclaje estÃn contemplados en una parte diferente de la SB 54, gestionada directamente por la OrganizaciÃn de Responsabilidad del Productor. El PPMF es especÃficamente para limpiar contaminaciÃn relacionada con la contaminaciÃn y reparar los daÃos, con un foco en la restauraciÃn de la salud y el medio ambiente.

Puede involucrarse si se suma a nuestra lista de correos electrónicos, si asiste a nuestros seminarios web y mesas redondas o si envía comentarios por escrito mediante la encuesta en línea o por correo electrónico a PPMF@calepa.ca.gov.

Si tiene problemas de contaminación por plástico específicas en su área, como vertido de residuos persistentes o preocupaciones por centros cercanos?? puede reportarlos en nuestra encuesta. Su información nos ayudará a ubicar las áreas de prioridad que necesitan financiación y que enfrentan los efectos ambientales y de salud pública por la contaminación persistente de los plásticos.
