(B) A regulated business is not required to pay the CalARP Program surcharge component ~~at a stationary source~~ if a CUPA makes the determination that:

(i) ~~†~~There is not a significant likelihood of a regulated substances accident risk;  
and

### § 15241. Establishing the Single Fee for Designated State Agencies.

(a) The Secretary shall determine the Unified Program single fee for any state agency designated to act as the CUPA pursuant to HSC sSections 25404.3 and 25404.5, ~~subdivision (a)(2)(B) of the HSC,~~ based on data that sets forth the necessary and reasonable costs of CUPA implementation by that state agency, according to the methodology described in subdivision (c).

(b) Each state agency designated to administer the Unified Program shall provide the Secretary with the information necessary to determine the amount of the single fee. Each designated agency shall annually submit to the Secretary, on a date specified by the Secretary, the amount of necessary and reasonable costs to carry out its responsibilities as the designated agency, including the supporting information requested by the Secretary. Necessary and reasonable costs shall include, but not be limited to, the costs of bad debts and uncollected fees.

(c) The Secretary or the designated agency shall assess an annual fee on regulated businesses that is sufficient to recover the designated agency's net costs. The annual fee shall consist of a program element fee, levied on each program element to which a regulated business is subject within the CUPA's jurisdiction during the reporting period or any portion thereof, and a flat fee, levied equally on each regulated business within the CUPA's jurisdiction during the reporting period or any portion thereof. ~~The initial reporting period is July 1, 2005, through June 30, 2006.~~

(1) The program element fee shall be calculated for each business by multiplying a base rate by an hourly fee for each program element to which a business is subject. If a business is subject to multiple program elements, all program element fees to which it is subject shall be added to determine its total program element fee.

(A) Program element fee categories include APSA, UST, CalARP, Refinery Safety, HMRRP, hazardous waste generator and onsite hazardous waste treatment, ~~hazardous waste recycler, and tiered permit.~~ In determining the base rate, the Secretary may divide tanks and generators into categories of large, medium, and small, and divide tiered permits into categories of PBR, CA and CE. Businesses with multiple tiered

permit operations at the same site will be subject to ~~the one~~ tiered permit program element fee for only one such operation per site, which shall be for the operation that is subject to the highest fee.

(B) Businesses that have filed documents required for permanent tank closure with the designated agency or its predecessor, and have discontinued storage of hazardous substances within the tank, shall not be subject to the program element fee beginning with the reporting period after such documents have been filed, but shall be subject to cost recovery pursuant to subdivision (j).

(2) The flat fee shall be calculated for each business by dividing the designated agency's net costs, minus all estimated program element fee receipts, by the total number of regulated businesses within the CUPA's jurisdiction.

(d) In addition to the annual fee, the Secretary or the designated agency shall assess the annual state surcharge pursuant to HSC sSection 25404.5(b)(1), ~~subdivision (b)(1) of the HSC.~~

(e) A transfer of ownership or operation of assets at a site shall not cause an additional fee to be assessed if the fee for the same reporting period has been paid by the previous owner or operator. Regulated Bbusinesses with multiple program elements will be assigned the specified base rate for each element that is present at an individual site, except that regulated businesses with more than one tank will be assigned the specified number of units based on the combined capacity of all active tanks per site, regardless of the number of such tanks.

(f) The fee shall be due on the date or dates specified by the Secretary or the designated agency, which shall not be less than 30 days from the date of the bill. The fee may be assessed in a single billing or in more than one billing. A penalty of 10 percent shall be assessed on any payment that is not received as postmarked by the due date. Beginning on the first day of the calendar month following the due date, simple interest shall accrue monthly on any unpaid fee or portion thereof at the rate established by the ~~State Board of Equalization~~ California Department of Tax and Fee Administration pursuant to sSection 43155 of the Revenue and Taxation Code, and shall continue until the fee is paid. The penalty or interest may be waived if the Secretary or the designated agency determines that the failure to make a timely payment was due to reasonable cause and circumstances beyond the person's regulated business' control, and ~~occurred not withstanding the not failure to exercise of ordinary care and the absence of or through~~ willful neglect. Mere disagreement with the fee assessment shall not be deemed reasonable cause. A person regulated business seeking to be relieved of penalty or interest shall submit a written statement to the Secretary or the designated agency, signed under penalty of perjury, setting forth the facts upon which ~~he or she bases the claim for relief is based.~~

(g) If the Secretary or the designated agency provides a refund because of an erroneous billing, the refund shall be subject to simple interest at the rate provided in sSection 43455 of the Revenue and Taxation Code, unless the erroneous billing was due to incorrect information provided by the person regulated business who receives the refund. No refund shall be granted unless the person regulated business who seeks the refund submits written notification of the error to the Secretary or the designated agency within one year of the date the person regulated business is notified of the fee or cost assessment.

(h) Failure to pay the required fee or cost reimbursement may result in a suspension by the Secretary or the designated agency of the regulated business's right to conduct the activity that is subject to the fee. The regulated business will receive at least 30 days notice of the suspension. Failure to pay the

fee, or conducting the activity during the suspension, shall be deemed a violation of the regulatory law administered by the Secretary or the designated agency. Any suspension will be stayed during the appeal of the fee under subdivision (k).

(i) The Secretary shall review annually, and revise if necessary according to the procedures set forth in this ~~s~~Section, the fees assessed pursuant to this ~~s~~Section. The Secretary shall not revise the fees more than once per fiscal year. The Secretary shall publish any proposed revisions to the fees in the California Regulatory Notice Register and accept comments on the proposed fees for 30 days thereafter. Following the 30-day comment period, the Secretary will consider comments and prepare a response that identifies the comments, the Secretary's findings, and the Secretary's final fee decisions. The Secretary will make responses available upon request and will publish the final fee in the California Regulatory Notice Register.

(j) The Secretary or the designated agency may recover the cost of non-recurring activities directly from the ~~person~~regulated business who receives the non-recurring activities, based on the total cost to the Secretary or designated agency of providing that non-recurring activity.

(k) A ~~person~~regulated business may dispute the assessment of the fee or cost recovery by submitting a petition to the director of the designated agency. The ~~person~~regulated business must submit the petition, in writing, within one year of the date the ~~person~~regulated business is notified of the fee or cost assessment. The petition must state the specific grounds upon which it is founded. If the matter cannot be resolved informally, the director shall designate a hearing officer to decide the petition. The hearing officer shall be in neither a subordinate nor a supervisory or managerial position to any staff involved in making the initial determination. A hearing shall be conducted in person, by telephone, or by video conference at which all relevant evidence will be admissible. The hearing officer shall make the final decision to approve or deny the petition.
